

Company Solution

Additional to the functions of SPiCE 1-2-1 [Personal Solution](#) the Company Solution contains:

- Merge functionality, to combine two assessment files into one
- Adaptable WinWord and PowerPoint templates
- Additional software [SynEval](#) which enables you to calculate the correct ratings if you perform more than one assessment. The calculation is done on a per-process basis using frequency distribution. This is a must-have if you perform assessments for multiple projects
- One day training & workshop for performing the assessment and operating the tools is included*

The Company Solution fits best for you if you plan to perform several assessments in your organisation.

Purchase SPiCE 1-2-1: [Order here!](#)

* Prices do not include subsistence and travel cost. Standard rates apply.
